

Social Problems of Pakistan.

→ social problems are those issue that affects the society as whole.

1^o Agriculture Problem

- canal problems → loss of water
- low agriculture yield.

→

→

→ Solution

- new agriculture policy
- focused production of high yield seeds.
- lining of canals.

2^o Unemployment

- lack of job opportunities
- ~~increase~~ brain drain
- because of Poor Governance

Solution

- jobs on basis of merit.
- providing more jobs in new sectors and fields.
- Give technical and skill training to people.

3. Illiteracy

- only half of population is educated.
- due to poor education system.
- lack of schools
- high cost of education

solutions :

- ~~provide~~ government must provide free education so that all can access it.
- It must be of quality too.
- increase number of schools.
- hire capable and qualified teachers.

4. Terrorism :

- due to illiteracy
- poor justice system so people take law in own hands
- wrong meaning of Jihad derived by terrorist.
- Absence of law and order.

solutions :

- increase education amongst people.
- provide justice to everyone who is wronged.
- teach proper meaning of Jihad.
- punish anyone involved in terrorism and one's financing it.

5. Child labour

- ⇒ no income of house hold.
- ⇒ Poverty
- ⇒ unemployment among elders.

solution :

- increase awareness among parents.
- provide some money to each family as spending.
- compulsory education to be made a punishable law.
- make laws to prevent child labour.
